A Modish Welcome Party For The Louis Vuitton Time Capsule In Kuala Lumpur

After a world tour through cities like Madrid, Berlin and Taipei, the Louis Vuitton Time Capsule exhibition chose Kuala Lumpur as its next port of call, stationed at Suria KLCC this July 7-28. The futuristic metallic structure, which holds hand-picked objects and memorabilia from the House's archives across 160 years, made its local debut to a trendy crowd of celebrities and influencers, outfitted in their best Louis Vuitton getups and accessories. Guests including Awal Ashaari, Joe Flizzow, Siti Saleha and Neelofa were not deterred by a sudden downpour, bringing their high spirits to the opening celebration while posing for photos and touring the exhibition. The #LVTimecapsule Kuala Lumpur is open to the public and carries 3 rare objects unique to Malaysia.
