## Get playful with Fendi's Pre-Fall 2020 collection

Animating with the gaiety of Bag Bugs eyes, the **Fendi Pre-Fall 2020 collection** is filled with joy and happiness that we need more than ever for our well-being.

Injecting a dose of mischievousness into classic menswear code, **utilitarian pieces are reworked through a modern vision**. Done in Fendi's signature styles, menswear staples like hoodie, shorts, fleece jacket and blazer are decorated with bold geometric print, which melds iconic Fendi Bag Bugs eyes with camouflage pattern dipped in green and brown.

Amping up the smart-casual wardrobe of modern-day man, the Italian brand serves up looks that are both easy-to-wear and sophisticated including blue denim and tech fabric jacket, multicolour silk shirt, multicolour cotton sweatshirt and multicolour gabardine pants, as well as accessories such as green nylon backpack, green nylon one-shoulder backpack and white leather low-tops with the Bugs eyes in yellow.

*The Fendi Pre-Fall 2020 collection is now available at Fendi Pavilion KL and Suria KLCC stores.*
