Omega opens new concept boutique in Suria KLCC

Joining the roster of brands to open new boutiques is Swiss watchmaker **Omega**. Sheltered under the soaring twin towers, the all-new Omega boutique is located at the first floor of prestigious shopping mall **Suria KLCC**.

The Omega store appears to be inviting with its contemporary and sophisticated design codes. Upon entering, every visitor will be greeted with bright environment lit up by hanging light fixture, and opulent ambience with a glided criss-cross base decorated display table at the centre. Bold red accentuates pristine interiors while gleaming gold sets off the apricot beige furniture. The contrast of metal, leather and wood perfectly brings out the sentiments of rawness and delicacy.

Clean with sheer cosiness, expect to witness some of the most iconic watches introduced by Omega including the latest Constellation Gents' 41mm model, the Seamaster collection and Speedmaster collection within the 861 square feet space, in addition to a wealth of fine jewellery and accessories. The new space also boasts an enclosed area for VIP guests who need privacy. Besides specially trained sales associates, there is also an on-site watch technician to provide efficient servicing.

Customers are encouraged to call ahead and book an appointment before visiting at +603-2181 8723 or email at Omega.KLCC@swatchgroup.com.my due to a change in opening hours and protective measures.
